

lila

**CREATE
SPACE TO
GROW.**

AND WATCH A WORLD OF
IDEAS COME RUSHING IN.

lila.grow

A MODULAR ACTIVITY CENTER
THAT NEVER GETS OLD.

lila.grow is a space-saving furniture system that grows with your child – from infancy to adulthood.

It's the answer to every parent's question of, "Why does children's furniture cost so much when they outgrow it so soon?"

Inspired by the humble pegboard, lila.grow is a wall-mounted, slotted backboard with multi-purpose accessories hooking in, and out, effortlessly.

Simply mix, match and move them around for a configuration that's uniquely you.

The background is a solid light yellow color. In the upper left corner, there is a large, thick, blue, wavy shape that resembles a stylized letter 'L' or a brushstroke. In the upper right corner, there is a smaller, solid red triangle pointing towards the right.

About lila

lila, as a concept, draws heavily on the idea of divine or cosmic play, where action is devoid of purpose and is created out of bliss, by bliss and for bliss.

As an organization, Lila has one mission - creating space for children to grow and thrive.

Shaping lila

RUBAH MUSVEE

An architect by training, Rubah graduated from Columbia University in 2012 with a Masters in Architecture and has since worked on large commercial ventures - both in architecture and interiors. She managed the architecture wing of WeWork in India before leading social design at RMZ Corp. In 2021 she became a mother and has since been inspired to design and build for the next generation.

Getting Started

Get going with one of our pre-configured sets, customized for specific function. Or build out a board as you want. Start with the orientation (vertical or horizontal) and accessorize as you go.
